NEX.US IN THE SPOTLIGHT

With the country continuing to practice safe social-distancing to stop the spread of coronavirus, we have been heavily relying on technology to keep our day-to-day lives going.

As school terms have started, many of our students, teachers as well as parents have been experiencing a new type of classroom setting and learning experience that shifts school lessons virtually. While some are fortunate to have their own laptops or computers to accommodate e-learning, in the face of adversity especially during the Covid-19 pandemic, certain individuals need it more than others.

Our Chief Executive Officer, Hajah Nor Azura Haji Mohd Tahir, presenting the donation to the Minister of Education, Dato Seri Setia Awang Haji Hamzah bin Haji Sulaimain,, on behalf of TelBru/Nex.Us

In collaboration with Ministry of Education, Ministry of Transport and Info-Communication and AITI, Nex.Us donated 40 units of computers and other relevant accessories such as webcams to support the online learning for students and ensure that lessons, remain as much as possible, uninterrupted. The donation campaign was held at the Ministry of Education, where various other donars including LegCo Members and Progresif took part alongside Nex.Us.

As a company that supports giving back to the community, Nex.Us will continue to look for ways to support and help those in need.

“Nabi Muhammad SAW bersabda: jika seseorang meninggal dunia, maka terputuslah amalannya kecuali tiga perkara (yaitu): sedekah jariyah, ilmu yang dimanfaatkan, atau do’a anak yang soleh.”

(HR. Muslim no. 1631)
