## BACK TO OFFICE FOR NEXUS ASSOCIATES

With the Covid-19 situation in the country under control, the first group of Nexus associates started to return to work in the office on Monday, 22nd June after more than three months working from home. The rest will be joining back soon. The Work from Home Order was first implemented on 16th March 2020 when the Covid-19 positive cases were first detected in the country. As we welcome them back in the office, several precautionary measures were put in place and associates are advised to comply.

*Welcome  
Back!*

*Scanning Bruhealth QR Code and body pass before entry*

*Physical distancing - a new norm*

*Temperature check is part of the procedure - using infrared thermometer before switching to thermal imaging camera*

*Hand sanitizing is highly encouraged*

## ASSOCIATES ATTENDED BRIEFING ON MUSKMELON FARMING

Associates from both Nexus and DST DevCo attended a briefing on Wednesday, 24th June on muskmelon farming in greenhouses, conducted by Superfish Growers Sdn Bhd. This is part of the wider collaboration between the two companies in exploring opportunities with different industries in the country. Superfish operates greenhouses at the Bio-Innovation Corridor in Tungk and produces premium 'Melts' muskmelons for both local and international markets. The briefing took place at the Core, UBD.

*Superfish Growers CTO/Co-Founder, Wei Lee Sheng and Business Development Manager, Nur Hazel Lim (4th & 5th from left) with DST DevCo and Nexus officials*
