## PROMINENT BUSINESSMAN SHARED HIS ENTREPRENEURIAL JOURNEY AND SUCCESS

As Nexus associates begin to embark on their journey either towards a different career path, new business development or a world of entrepreneurship, it's important for them to be exposed to different industries to gain new knowledge and experience. The training and industry partnership (TIP) team has been collaborating with their counterparts from DST DevCo and Evolve.Me to actively engage different parties and seek new opportunities for our associates.

## CONTRACT FARMING MODEL AVAILABLE IN AGROPRENEURSHIP

Nexus associates who may want to pursue agro-farming were given the opportunity to learn the ropes from the experts on Tuesday, 7th July 2020. Superfish Growers Sdn Bhd's CTO/Co-Founder, Wei Lee Sheng shared how he and his sibling started the project in 2018 to plant Japanese muskmelon in greenhouses.

The company has begun exporting the muskmelons branded as 'Melts' to Hong Kong, Malaysia, Singapore, Japan and China. There are also opportunities to participate in the company's contract-farming model to plant chili using the same technology.

## OPPORTUNITIES IN AQUACULTURE, CAPTURE AND SEAFOOD PROCESSING

Fisheries is an economic sector that our associates may consider venturing into as readily available sites are provided by the department for those interested to carry out aquaculture, capture and seafood processing activities. This was revealed during a talk by Fisheries Department officials organized at Nexus on Thursday, 9 July 2020.
